

# Jordan Pearson

SAILOR AND ADVENTURER

## Personal Statement

*I am a motivated and enthusiastic individual with a deep passion for wild environments, committed to continuously refining my nautical skills. My upbringing in a family of professional sailors endowed me with a profound understanding of boats and the ocean. My experience spans a variety of vessels, from small sailboats to superyachts, allowing me to seamlessly perform duties ranging from exceptional customer service to managing severe weather conditions with calm precision. I excel in assessing and resolving technical issues, ensuring the smooth operation of any vessel. I thrive in challenging conditions and team environments, where I can confidently apply my knowledge and quick thinking. I am eager to contribute as a reliable and valuable member of your crew.*

## Professional Experience

### DELIVERY CAPTAIN -BRZ - CRB

S/Y NANOOK - PROJECT ZERO (14.6M)

JAN 24 - MAY 24

In this role, I built a 3 month passage plan, trained and led a new crew, ensuring effective teamwork and safety. I handled vessels maintenance, fixing generators, water pumps, servicing engines, and repairing sails. The crew and I navigated 4,500 nautical miles up the Brazilian coast crossing the equator to Antigua, efficiently managing customs and immigration processes.

### EXPEDITION -AUS - NZ - CL - ANT - ARG - BRZ

DEC 22 - DEC 23

S/Y NANOOK - PROJECT ZERO (14.6M)

I managed logistics, shipyard work, and expedition preparation, before embarking on a 8,500 nautical mile journey including a Southern Pacific crossing, Fjords of southern Patagonia, Drakes passage and Antarctica. During this passage, we navigated extreme conditions, including 75-knot gusts and 16-meter waves. Through these challenges, I ensured safety and operational efficiency while conducting aerial cinematography to capture expedition footage.
